MISSION STATEMENT

CHICAGO HARMONY AND TRUTH is a resource group, established by and for working musicians and industry professionals, that encourages the business and creation of music in Chicago through no-hassle networking, sharing services and information, and supporting each member's efforts in positive and cooperative environment.

Here, we forge relationships, collect contacts, exchange services, tap expertise, seek assistance and advice, and promote unity and understanding in the Chicago music marketplace. Here, we create our own opportunities in the spirit of self-reliance. And here, we also offer our talents, skills and encouragement to our fellow members in the unselfish spirit of service.

By fostering the general growth of the Chicago music scene, Chicago Harmony and Truth seeks to build on our city's rich musical heritage by creating a stronger, more hospitable business environment: one where more people are exposed to greater opportunities, and more talent has the chance to shine.
